

CT-SkullMike

- Skull Microphone
- For use with helmets and masks
- 3 helmet mounting variants

CeoTronics:
More than just headsets.

For over 30 years, CeoTronics have developed and produced innovative communication systems for demanding environments. We are the leading supplier of mobile digital radio networks and terminal equipment as well as high-quality communication headsets and systems for professional use.

CeoTronics communication systems, including effective hearing protection and other protective functions, are far superior to simple hearing protectors because users can still communicate with each other even under the most adverse conditions. Whether working, for example, in noisy or dangerous environments or wearing personal protective equipment (PPE), CeoTronics systems offer more protection in the workplace, increased productivity and efficiency.

CeoTronics provides communication systems and services for a wide variety of professional groups and can

also develop bespoke solutions for your company. Let us convince you. We have a 100 % recommendation rating based on years of customer surveys.

Certified and guaranteed
In February 2016, CeoTronics became the first company in the communications industry to be certified according to ISO 9001:2015. Then in 2018, CeoTronics successfully obtained certification according to the new PPE Regulation (EU) 2016/425. By 2002, CeoTronics was already successfully manufacturing according to the ATEX Guideline 94/9 EG for the first time. This certification according to the current directive 2014/34/EU could be renewed without any objections at the beginning of 2019.

A guarantee period of 3 years is assured for all CeoTronics products. For more information, go to: www.ceotronics.com

ISO
Certified
DIN EN ISO 9001:2015

ATEX
Certified
ATEX Directive 2014/34/EU Annex IV

PPE
Certified
PPE Regulation (EU) 2016/425, Annex VIII (Module D)

Efficient laboratories:
Test, measuring and testing facilities.

By choosing professional communication systems from CeoTronics, you are opting for communication solutions with German engineering know-how that deserve the “Made in Germany” seal of quality. As a holistically oriented company, we naturally also offer our customers technical services at our own testing, measuring and inspecting facilities.

We can perform the following inspections for you at our high-performance laboratory:

- Testing individual PPE products (OTP) on test subjects according to the PPE Regulation using the CT-EarGuard System
- Climate and temperature tests according to MIL standards
- Subjective and objective measurements of sound insulation in our acoustics laboratory based on the PPE Regulation
- Accompanying development EMV-Pre-Compliance examinations with GTEM cell and standard-compliant ESD-examinations
- IP tests according to DIN standard
- Case tests according to MIL standard
- Simulated submersion testing up to 30m
- Alternate bending inspections for cables
- Tensile test for plug connections

Talk to us about your requirements, we gladly develop you an customised offer.

CT-SkullMike

CT-SkullMike:
For use with helmets and masks.

Where flexible boom or in-ear microphones cannot be worn under helmets and masks, alternatives are required. For such cases, CeoTronics offers a communication system with a skull microphone.

This system is perfect for use with helmets and masks. Its special design with a flexible helmet gaiter guarantees absolute wearer comfort and a perfect fit to the skullcap.

The latest CeoTronics product in this segment is the CT-SkullMike. It includes a contact microphone that picks up the voice directly from the skullcap, and a slim, high-performance, speaker ensures clear and distinct speech reproduction.

The ability to position microphone and earpiece ideally within the helmet effectively rules out the possibility of pressure points or injuries, for example from a blow to the helmet.

*If not otherwise stated in the offer, CeoTronics grants a 3-year warranty for material and manufacturing defects for CeoTronics products. The precise scope of the warranty can be found in the warranty terms and conditions (also available for download at www.ceotronics.com).

All of the brands, trademarks and product names mentioned in this brochure remain the property of their respective owners.
